

SHD/G/SCI/11100038

1 Dec 2010

To All PSA Suppliers and Contractors

**bizSAFE CERTIFICATION**

The bizSAFE programme was launched by the Workplace Safety and Health Council (WSHC) of the Ministry of Manpower in 2007. The bizSAFE is a five-step programme (level 1 to 5) to assist companies to build up their Workplace Safety and Health capability to achieve an improvement in safety and health standards at the workplace.

In this regards, PSA Corporation Ltd, as a bizSAFE Partner will be making it a requirement for all companies participating in contracts where services and works are carried out in PSA Corporation's premises to have a minimum of bizSAFE level 3. Companies with equivalent certification like SMC, OHSAS18000 are also required to have the minimum bizSAFE level 3 certification. This will be implemented with effect from tenders called from 1st Jul 2011.

Please refer to the Workplace Safety & Health Council's website at <https://www.wshc.gov.sg/wps/portal/bizSAFE> if you need more details of the bizSAFE certification programme.

We look forward to your continued support and commitment to further raise the workplace safety and health standard.
