

H.S.S. Rules

for PSA Port Users

Foreword

Welcome to PSA,

All port users are to adhere to all Health, Safety and Security, (HSS) requirements to ensure a safe working environment for all.

We would like to draw your attention to some of the key HSS rules in this brochure.

Published by,
PSA HSS Division

General HSS Rules in PSA Premises

Put on the required Personal Protective Equipment.

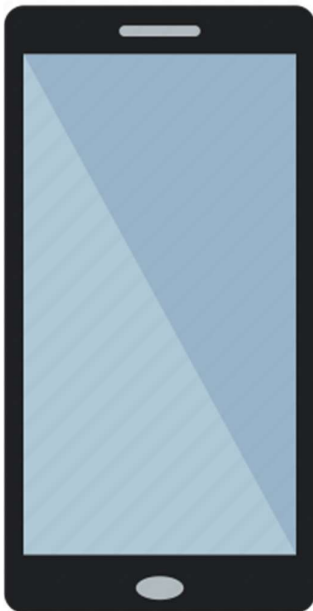

Safety helmet must be worn with the chin strap strapped at the wharf, onboard ship and all designated hard hat areas.

Do not loiter in operational or cross the life jacket zone ▼

Rest only at the
canteen and
authorised areas ►

◀ Use of mobile devices only at non-
operational area – e.g. canteen

No photo-taking, video-taping or
capturing of images, using electronic ►

equipment, of any part of PSA's Restricted Areas without authority or permission
Please ensure that:

Smoking is only allowed at the authorised areas e.g. designated yellow box around the canteens.

Ensure adequate rest, stay hydrated and fit to work

Please ensure that:

◀ Vehicles does not emit smoke during use.

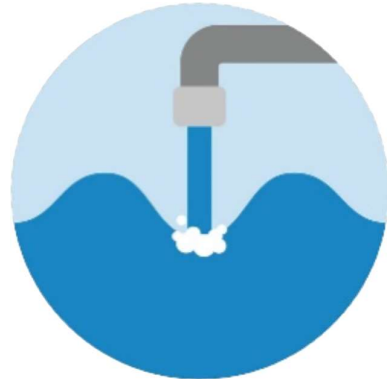

◀ Idle engines are turned off for reasons other than traffic conditions.

Exception granted for:

- PSA appointed shuttle bus
- Vehicles with on-board machinery such as mobile cranes

No dumping or effluence discharge within the port. ▶

◀ All waste and litter are properly disposed.

Take care to prevent mosquito breeding.

Key Rules for Driving in the Port

Operations areas are out of bound for private vehicles.

Drive only along main port roads.

Park your vehicle at designated parking areas.

Observe speed limit, traffic signs and drive with care.

Always stay alert and look out for heavy vehicles

Speed limit on main port roads is 40 kmph.

Keep within your lane. Signal your intention early if you are making a turn.

Do not tailgate.

Key HSS Rules in Container Terminal

Use our shuttle bus to get to your destination.

Use pedestrian crossings and walk path provided.

CONTAINER YARD IS AN OUT-OF-BOUND AREA FOR VISITORS

Do not jaywalk or drive into the container yard.

Do not take shortcuts by walking between containers.

Keep clear of crane gantry paths, they are for cranes to move

Strictly no unauthorised entry to automation yard - AGV Operations.

Do not travel on PPT Drives (road next to wharf) unless for loading operations at wharf. Use only Avenues and Streets to travel to your destination.

Key HSS Rules in the Warehouses

Keep clear of unstable stacks.

Only perform work that you are trained/authorised/permitted.

Moving forklifts can be dangerous.
Look out for them especially around blind corners.

◀ Walk within the designated foot path.

Key HSS Rules in Engineering Workshop

If it is your first time entering the workshop, request for escort and guidance.

Do not enter areas meant for authorised personnel only.

Use designated foot path when moving around the workshop.

Be alert of moving equipment and give way to them.

Look out for slipping or tripping hazards in the workshop.
