

Hear From Our Interns

Muhammad Sharizan

Assistant Operations Executive

"During my internship, I learned to develop an interactive website, which honed my technical and adaptive skills. This experience equipped me to confidently take on challenging tasks. This prepared me to succeed as an Assistant Operations Executive after I completed my internship and joined PSA"

Stanly Lau

Cybersecurity Operations Intern

"Proposing a workflow enhancement and seeing it adopted was incredibly rewarding. This experience deepened my practical understanding of cybersecurity and showed me there is much more to learn beyond classroom lessons."

Ong Sher Lin

Talent Acquisition Intern

"I was initially worried about adapting to the corporate world, having only experienced shift-based internships. However, the welcoming atmosphere and supportive supervisors changed my perspective – corporate life is equally exciting and fulfilling too!"

Reanice Wan Peixuan

Data Analyst Intern

"The dynamic port environment at PSA fuelled my passion to create data-driven dashboards and automate processes for operational excellence. I realised that data plays a critical role in how business leaders make key decisions."

Angelene Joshua
Software Engineer

"As an ex-Software Engineer intern, I contributed to the Next-Generation Portnet project and carried the work forward as a full-time software engineer, enhancing its capabilities and scalability. Seeing users benefit from features I built was incredibly rewarding!"

INTERNSHIP PROGRAM

About PSA

PSA Singapore is one of the flagship terminals of PSA International. In Singapore, we operate the world's largest transshipment hub – handling more than 40 million Twenty-foot Equivalent Units (TEUs) annually. We keep global trade moving by ensuring seamless cargo movement – 24 hours a day, 365 days a year.

Our operations span the management of container terminals at Pasir Panjang and Tuas, as well as the broader port ecosystem business which comprises supply chain, cargo solutions and warehousing.

At PSA, sustainability is a core principle of how we operate – driving innovation and efficiency across all facets of our business.
