

CIRCULAR NO. SHD/G/01022026

24 Feb 2026

To: All Port Users

## BASIC PERSONAL PROTECTIVE EQUIPMENT (PPE) REQUIREMENTS

- For your workplace safety and health, all port users are reminded that the wearing of basic PPE is mandatory when working within the operational areas in PSA. All PPE must be worn properly and in a secure manner for optimum protection.
- The purpose of PPE is to protect personnel from injuries and minimize exposure to hazards that cause workplace injuries. Always refer to the latest Standards for reference.

S/n	Description	PPE Requirements	Standards
1.	Head Protection	Safety Helmet with Chin Strap 	SS 98 / EN 397
2	Enhanced Visibility	High Visibility Vest 	ISO 20471
