CIRCULAR NO. SHD_CIR_2026_004

18 November 2026

To: All Ship Supplier Companies

**Measures to Enhance Safe Operations Involving Ship Suppliers**

1. As part of our regular review, kindly be reminded of the following measures to enhance safe operations involving Ship Suppliers.

2. Ensure lifting gears are properly secured to the load. Do not stay on the lorry bed during loading/unloading of goods. Use Tagline to control and guide load movement during material handling operations.

3. Do not stand on Quay Crane gantry path / Wharf Lane 1 when guiding the load.

4. Do not overload cargo in one sling. Go for another load when necessary. Any load that is improperly slung should not be hoisted.

5. All personnel are required to put on appropriate Personal Protective Equipment (PPE) such as helmet with chin strap secured, safety shoes, high visibility vest and life jacket to protect themselves and minimize exposure to hazards that cause workplace injuries.

6. For your compliance please.
